ABOUT ME

I consider myself a creative person that is very interested in everything that has to do with improvisation, composition, pedagogies and exploring new music.

In addition to piano and violin, I play several other instruments as a hobby, such as the dolçaina, the tabal, guitar, bass, flute, organ and harpsichord.

I have formed or was part of different choral groups, a string orchestra, duos and trios of chamber music, rock groups, funk, a tango duo and an Argentine folk band, also a batukada and a colla of tabal and dolçaina.
